COMPONENT CATALOGUE

ABOUT Us

**stainless
design**

Stainless Steel & Glass Balustrades

- Stainless Design manufacture a range of patented components for Stainless Steel and Glass Balustrades as well as Stainless Steel tubing with satin and polished finishes.
- Our expertise in automated production allows us to consistently produce high quality products at competitive prices.
- We supply Glass and Stainless Steel Balustrade Components that conform to both local and international safety legislation and are able to supply certificates of compliance. Our glazing products are approved by SABS and SAGGA.
- We are a proudly South African company and our products are conceptualized, developed and manufactured locally.
- Stainless Design is a division of Stainless Accessories, an IAFT 16949 accredited manufacturer and supplier of original equipment automotive components and that processes over 500 tons of Stainless Steel per month for the global market.
- Operating out of a 6000 M2 facility, we currently employ 200 people in our automotive, tubing and balustrade departments.
